International Institute of Management - (IIM)

IIM is a management best practices research and education institute. IIM has 55 universities and research partners in 40 countries. IIM executive education model is based on a unique mix of research, consulting, training and coaching services.

Government and business leadership teams leverage IIM's research and think tank services to help them develop new strategies, systems, and tools to solve complex business problems in a rapidly changing environment.

IIM Vision

Knowledge networks will transform the global economy. They will change the way we think, learn and work.

IIM Mission

Leverage global knowledge networks to provide government and business leaders with the latest and most advanced management thinking

IIM Services

- Think tank, and strategic management retreats
- Customized corporate management training and leadership coaching
- Management best practices research and consulting services

Recent Achievements

One of the few who predicted the current US economic crises before it

Virtual Edition

Eastern horizons

In our latest print edition we look at the opening of the Saudi market and the implications for the current global economic climate. While many are lamenting the death of the credit card economy, Daniel Gross hammers the final nail into its coffin, Paul Samuelson looks at when the recovery might come, and we deliver all the usual analysis and insight.
